

## FEATURES:

### Register multiple phone numbers

Register up to 10 phone numbers using the same card so you don't have dial PIN numbers. Simply dial the access number, PIN number + # +\* to register your mobile phone and home phone. Even a family member can use one card at the same time. No more pressing the 10 digit number every time you call.

Once you register your mobile phone, you can use the PHONEBOOK function and save numbers in your own phone to make calls faster.

0032-333-63-2-XXXXXXX 

Access number + country code + area code + phone number +

### SMS to Philippines and Indonesia.

Send a text message from Japan mobile for only P7.00.
